

THE FIGHTING GAME ARENA

Free play & tournaments on every fighting title in the library — ask a Guru.

The Modern Majors

Today's EVO main stage, live in the shop. Street Fighter 6 runs the biggest tournament brackets ever recorded and has the friendliest on-ramp in the genre; Tekken 8 is the premier 3D fighter; Guilty Gear Strive is the anime-fighter king; Mortal Kombat 11 is NetherRealm's cinematic knockout; Xenoverse 2 turns Dragon Ball into a full-room party.

Street Fighter 6 (PS5 · Switch 2 · Switch) · Tekken 8 (PS5) · Guilty Gear Strive (PS5) · Mortal Kombat 11 (Switch) · Dragon Ball Xenoverse 2 (PS5 · Switch 2)

The Smash Dynasty

The complete platform-fighter lineage under one roof. Melee still sells out majors more than twenty years on — the most stubborn, most beloved competitive scene in gaming — and Ultimate posts the largest entrant counts of any fighting game in history.

Super Smash Bros. (N64) · Super Smash Bros. Melee (GameCube) · Super Smash Bros. Brawl (Wii) · Super Smash Bros. for Wii U (Wii U) · Super Smash Bros. Ultimate (Switch)

The Street Fighter Lineage

Street Fighter II invented the tournament fighting game community full stop; Alpha bridged the arcade era to the modern age; SF6 wears the crown today. Three decades of Hadoken in one library.

Street Fighter II: Special Champion Edition (Genesis) · Street Fighter Alpha (Saturn) · Street Fighter 6 (PS5 · Switch 2 · Switch)

The Vs. / Marvel Dynasty

Capcom's chaotic tag-team dynasty from first spark to crown jewel. Marvel vs. Capcom 2 and its 56-character roster fueled a two-decade cult scene — play it here on real Dreamcast hardware, or with modern online rollback in the Fighting Collection.

X-Men vs. Street Fighter (Saturn) · Marvel Super Heroes (Saturn) · Marvel vs. Capcom 2 (Dreamcast) · Marvel vs. Capcom Fighting Collection (Switch 2)

The Mortal Kombat Vault

Ten games spanning thirty years — from the arcade phenomenon that got Congress talking, through the N64 and Dreamcast eras, to NetherRealm's modern esports machine. Test your might.

Mortal Kombat (Genesis) · Mortal Kombat II (Genesis · SNES) · Mortal Kombat 3 (Genesis) · Mortal Kombat Trilogy (N64) · Mortal Kombat 4 (N64) · Mortal Kombat Mythologies: Sub-Zero (N64) · Mortal Kombat Gold (Dreamcast) · Mortal Kombat: Shaolin Monks (PS2) · Mortal Kombat 11 (Switch)

D Legends: Virtua, Soul & Tekken

Virtua Fighter invented the 3D fighter and is mid-renaissance right now — back on the EVO main lineup with a brand-new entry on the way. SoulCalibur on Dreamcast remains one of the highest-rated fighters ever shipped (with the Link-starring sequel on GameCube), and Tekken owns the longest-running 3D scene on the planet — Tekken 3 to Tekken 8, all here.

Virtua Fighter (Saturn) · Virtua Fighter 2 (Saturn) · Fighting Vipers (Saturn) · Tekken 3 (PS1) · SoulCalibur (Dreamcast) · SoulCalibur II (GameCube) · Tekken Tag Tournament 2: Wii U Edition (Wii U) · Tekken 8 (PS5)

SNK & The Crossovers

SNK's team-battle tradition at its peak — Dream Match '99 is King of Fighters '98, widely called the best KOF ever made — plus the crossover the arcades argued about for years.

The King of Fighters: Dream Match 1999 (Dreamcast) · Capcom vs. SNK (Dreamcast)

Killer Instinct

Rare's combo-breaker originators, with the announcer that lives rent-free in every 90s kid's head. C-C-C-COMBO BREAKER.

Killer Instinct (SNES) · Killer Instinct Gold (N64)

Arena Fighters & New School

Fighting spirit beyond the 1v1 lane: Power Stone's 3D free-for-all, Pokkén's legit Bandai Namco Pokémon fighter, ARMS' spring-loaded boxing, and Killer Queen Black — the 8-player team arcade cult hit with a tournament scene all its own.

Power Stone (Dreamcast) · Pokkén Tournament (Wii U) · ARMS (Switch) · Killer Queen Black (Switch) · Dragon Ball Xenoverse 2 (PS5 · Switch 2)

Deep Cuts & Guilty Pleasures

For connoisseurs of the beautifully weird — Midway's forgotten 3D brawlers, a fighter where everyone is made of spheres, kaiju wrestling, and the Dragon Ball game your cousin swore was amazing.

Mace: The Dark Age (N64) · Bio F.R.E.A.K.S. (N64) · Flying Dragon (N64) · Balz (Genesis) · King of the Monsters 2 (Genesis) · Soul Fighter (Dreamcast) · Dragon Ball GT: Final Bout (PS1)

MULTIPLAYER LEGENDS

The "one more round" shelf. Bomberman is the undisputed couch-battle king, Worms is turn-based warfare at its funniest, Pokémon Stadium turned mini-games into a blood sport, and Conker's multiplayer remains criminally underrated. Vigilante 8 brings the car-combat mayhem.

Star Fox 64 (N64) · Pokémon Stadium (N64) · Conker's Bad Fur Day (N64) · South Park (N64) · Bomberman 64 (N64) · Bomberman Hero (N64) · Worms Armageddon (N64) · BattleTank: Global Assault (N64) · Vigilante 8 (N64) · Vigilante 8: 2nd Offense (N64 · Dreamcast) · Worms World Party (PS1) · Ooga Booga (Dreamcast) · Alien Front Online (Dreamcast) · Armada (Dreamcast) · WarioWare: Smooth Moves (Wii) · Pokémon Battle Revolution (Wii) · Splatoon 2 (Switch)

MULTIPLAYER SPORTS

BOOMSHAKALAKA. Wii Sports is the best-selling couch-sports game ever made, NBA Jam and NFL Blitz are the loudest, the Mario sports line is whimsy with real depth — and when you want the sim season, the Dreamcast 2K games are where that dynasty was born.

Arcade & whimsical

Wii Sports (Wii) · Wii Sports Resort (Wii) · NBA Jam (SNES · Genesis · Sega CD) · NBA Street Vol. 2 (PS2 · GameCube) · NBA Jam T.E. RHYTHM & MOTION NOVELTIES

The category you didn't know you were missing: DK Bongos in a private room, Space Channel 5's up-down-chu, and Cooking Mama speedruns, and Just Dance for the full-room dance-off. Loud, silly, unforgettable.

Donkey Konga (GameCube) · Donkey Kong Jungle Beat (GameCube) · Space Channel 5 (Dreamcast) · Cooking Mama: Cook Off (Wii) · Just Dance 2026 Edition (Switch)

MARIO PARTY & BOARD GAME NIGHT

Thirteen Mario Party entries spanning twenty-five years of ruined friendships — Mario Party 2 is still the fan-vote champion, Superstars the greatest-hits boards, Jamboree the newest — plus Sonic's own take and tabletop-on-a-TV night.

The Mario Party dynasty

Mario Party (N64) · Mario Party 2 (N64) · Mario Party 3 (N64) · Mario Party 4 (GameCube) · Mario Party 5 (GameCube) · Mario Party 6 (GameCube) · Mario Party 7 (GameCube) · Mario Party 8 (Wii) · Mario Party 9 (Wii) · Mario Party 10 (Wii U) · Super Mario Party (Switch) · Super Mario Party Jamboree (Switch) · Mario Party Superstars (Switch)

Board & parlor night

Sonic Shuffle (Dreamcast) · Nintendo Land (Wii U) · Carnival Games (Wii) · Carnival Games: Mini-Golf (Wii) · Disney Guilty Party (Wii) · High Rollers Casino (PS2) · Battleship (Genesis)

RACING NIGHT

The four-player split-screen golden age. Mario Kart is the best-selling racing franchise in history — we run the line from the SNES original to Mario Kart World — and the undercard is stacked: Nintendo's arcade jewels Wave Race and 1080°, Hydro Thunder's boost-barrel chaos, Diddy Kong Racing's beloved adventure-kart answer, Burnout 3 — the greatest arcade racer ever made — and F-Zero GX, still the fastest.

The Mario Kart line

Super Mario Kart (SNES) · Mario Kart 64 (N64) · Mario Kart: Double Dash!! (GameCube) · Mario Kart Wii (Wii) · Mario Kart 8 (Wii U) · Mario Kart World (Switch)

Everything else with an engine

THE PUZZLE PARLOR

Competitive puzzle games are stealth fighting games — garbage attacks instead of fireballs. Tetris Attack is a certified head-to-head classic, Dr. Mario 64 runs four-player, Columns was Sega's answer to Tetris, ChuChu Rocket! is four-player panic in its purest form — and Puyo Puyo Tetris and Tetris Effect: Connected are the modern competitive kings.

Tetris Attack (SNES) · Wario's Woods (SNES) · Magical Tetris Challenge (N64) · The New Tetris (N64) · Dr. Mario 64 (N64) · Columns (Genesis) · Columns III (Genesis) · Zoop (Genesis) · Bust-A-Move 4 (Dreamcast) · ChuChu Rocket! (Dreamcast) · Puyo Puyo Tetris (Switch) · Tetris Effect: Connected (Switch)

SPLIT-SCREEN SHOOTER NIGHT

GoldenEye invented console deathmatch night; Perfect Dark perfected it; TimeSplitters 2 — by the GoldenEye team — is routinely called the best split-screen shooter ever; Quake III on Dreamcast is pure arena. Add a light-gun corner — Virtua Cop, Lethal Enforcers, the SNES Super Scope — and it's 1998 in the best possible way.

PASS-THE-CONTROLLER CLASSICS

Score-chasing, seat-swapping, "okay you die, I go" gaming — the original multiplayer. The complete Super Mario platformer marathon lives here (the newest ones even put everyone on screen at once), alongside full Sonic and Tony Hawk runs, Pokémon Snap and Rampage for the peanut gallery, and arcade compilations hiding hundreds more classics inside.

The Super Mario marathon

Super Mario All-Stars (SNES) · Super Mario World (SNES) · Super Mario World 2: Yoshi's Island (SNES) · Super Mario 64 (N64) · Super Mario Sunshine (GameCube) · Super Mario Galaxy (Wii) · Super Mario Galaxy 2 (Wii) · Super Mario 3D World (Wii U) · Super Mario Maker (Wii U) · Super Mario Odyssey (Switch) · Super Mario Bros. CO-OP ADVENTURERS

Shoulder-to-shoulder brawling and loot: Gauntlet needs food badly, Golden Axe swings for two, ToeJam & Earl is the funkiest co-op ever made, and the Battletoads pause menu ended more friendships than Mario Party. Streets of Rage 4 is the best modern beat-em-up, Overcooked! 2 is friendly-fire in a kitchen, It Takes Two is the reigning king of couch co-op, and the LEGO shelf keeps it family-friendly.
